

**CHARACTERISTICS OF THE GROWTH ENTERPRISE MARKET
("GEM") OF THE STOCK EXCHANGE OF HONG KONG LIMITED
(THE "STOCK EXCHANGE")**

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. Basis of presentation and principal accounting policies

The Company was incorporated in the Cayman Islands, as an exempted company with limited liability under the Companies Law (2001 Revision) of the Cayman Islands on 5 September 2001.

The unaudited condensed consolidated financial statements have been prepared in accordance with the applicable disclosure requirement of Chapter 18 of the GEM Listing Rules, Hong Kong Accounting Standards (“HKAS”) 34 “Interim Financial Reporting” and Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”). The financial statements are prepared under the historical cost convention.

Since 2009, the directors have been in discussion with the Joint and Several Liquidators of Lehman Brothers Commercial Corporation Asia Limited (In Liquidation) (“Lehman Brothers”), the holders of the 4.5% convertible bonds, for the settlement of the bonds which fall due on 31 October 2010 (the “Proposed Settlement”). As at the end of reporting period and at the date of approval of these financial statements, the Group has yet to conclude the Proposed Settlement with Lehman Brothers. The Group’s liquidity and its ability to meet its operating costs and financial obligations are dependent on Lehman Brothers continuing to exercise forbearance pending the outcome of the Proposed Settlement.

In the opinion of the directors, if the Proposed Settlement accomplishes the expected satisfactory results, the Group will have the ability to generate funds internally sufficient to meet its future working capital requirements and financial obligations. Accordingly, the directors consider that it is appropriate to prepare these financial statements on a going concern basis.

The unaudited condensed consolidated financial statements incorporated the financial statements of the Company and its principal subsidiaries for the period ended 30 June 2010. All material intercompany transactions and balances within the Group are eliminated on consolidation.

The accounting policies adopted in the unaudited condensed consolidated results are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31 December 2009.

In this reporting period, the Group had applied for the first time, a number of new HKFRSs and HKAS issued by the HKICPA that are effective for accounting periods beginning on or after 1 January 2010. The adoption of the new HKFRSs has had no material effect on how the results and financial position for the current or prior accounting period as prepared and presented.

Certain comparative amounts have been reclassified to conform with the current period's presentation.

(b) No provision has been made for Hong Kong profits tax as the Group has no assessable profit arising from Hong Kong during the three months and six months ended 30 June 2010 (three months and six months ended 30 June 2009: Nil). Taxation for overseas subsidiaries is charged at the appropriate current rates of taxation ruling in the relevant countries.

In accordance with various approval documents issued by the State Tax Bureau and the Local Tax Bureau of the PRC, 宜昌富連江複合材料有限公司, a wholly-owned subsidiary of the Company, established as a wholly foreign-owned enterprise in the PRC, is entitled to an exemption from the PRC state and local corporate income tax (“CIT”) for the first two profitable financial years of its operation and thereafter a 50% relief from the state CIT of the PRC for the following three financial years (the “Tax holiday”). Upon expiry of the Tax Holiday, the usual PRC CIT rate is 25%. No provision for CIT has been made as the subsidiary sustained a loss during the three months and six months ended 30 June 2010 and prior years.

7. Dividend

The Board does not recommend the payment of any interim dividend in respect of the six months ended 30 June 2010 (six months ended 30 June 2009: Nil).

8. Loss per share attributable to owners of the Company

The calculation of basic loss per share is based on the loss for the three months and six months ended 30 June 2010 attributable to owners of the Company, and the weighted average number of ordinary shares 1,229,603,280 (three months and six months ended 30 June 2009: 991,879,979 as restated) in issue during the three months and six months ended 30 June 2010.

No adjustment has been made to the basic loss per share amounts presented for the periods ended three months and six months ended 30 June 2010 and 30 June 2009 in respect of a dilution as the impact of the convertible bonds, convertible preferred shares, share options and warrants outstanding had an anti-dilutive effect on the basic loss per share amounts presented.

The calculation of diluted loss per share is based on the loss for the three months and six months ended 30 June 2010 attributable to owners of the Company, adjusted to reflect the interest on the convertible bonds and convertible preferred shares and related income tax effect. The weighted average number of ordinary shares used in the calculation is the number of ordinary shares in issue during the three months and six months ended 30 June 2010, as used in the basic loss per share calculation, and the weighted average number of ordinary shares assumed to have been issued at no consideration on the full redemption or conversion of all dilutive potential ordinary shares into ordinary shares.

The basic and diluted loss per share are calculated as follows:

Three months ended 30 June		Six months ended 30 June

HK\$'000	HK\$'000	HK\$'000	HK\$'000

As the convertible bonds, convertible preferred shares, share options and warrants, where applicable, outstanding during the reporting periods had an anti-dilutive effect on the basic loss per share, the conversion of the above potential dilutive shares was not assumed in the calculation of the diluted loss per share in both reporting periods. Accordingly, the basic and diluted loss per share for the respective reporting periods are the same.

12. Convertible bonds

The Group's and the Company's outstanding convertible bonds as at 30 June 2010 and 31 December 2009 are as follows:

The 4.5% convertible bonds were issued to Lehman Brothers on 31 October 2007 with a nominal value of HK\$246,250,000 and shall be redeemed at the maturity date on 31 October 2010. The bonds are convertible into ordinary shares of the Company at an initial conversion price of HK\$0.2 per conversion share (subject to adjustments in accordance with the terms of the convertible bonds) at any time during the period commencing from the date of issue of convertible bonds. As at 30 June 2010, the convertible bonds can be converted into 184,733,481 ordinary shares of the Company. Coupon interest of 4.5% per annum will be paid semi-annually in arrears until the settlement date. In 2008, Lehman Brothers was put into liquidation and Joint and Several Liquidators were appointed. The liquidation of Lehman Brothers is still in progress as of the date of approval of these financial statements.

The Company has no right to make early redemption without the consent of Lehman Brothers or its designated affiliates.

Since the actual number of the ordinary shares of the Company to be issued under the convertible bonds are subjected to the actual and potential number of new ordinary shares of the Company that may be issued upon full conversion of, or exercise of the subscription rights attaching to, all outstanding convertible preferred shares and share options of the Company and it cannot be determined until the date when the conversion takes place, no adjustments should be made to the convertible bonds in connection with the rights issue and share consolidation.

Interest rate on the convertible bonds is calculated using the effective interest method by applying the effective interest rate of 9.11% per annum and the carrying value of the convertible bonds as at 30 June 2010 is HK\$245,676,000 (as at 31 December 2009: HK\$241,271,000).

The convertible bonds recognised in the unaudited condensed consolidated statement of financial position are calculated as follows:

	30 June 2010	31 December 2009

13. Convertible preferred shares

On 26 October 2007, the authorised convertible preferred shares (the “CPS”) capital of HK\$5 million divided into 4,000,000,000 CPS of HK\$0.00125 each was created by the reclassification of the authorised ordinary shares capital. As at 30 June 2010, the Company allotted and issued 2,802,235,294 CPS at HK\$0.34 per CPS.

After the rights issue effective on 15 July 2009, the adjusted conversion price per conversion share and adjusted number of ordinary shares of the Company to be converted are HK\$0.265 and 3,593,964,542 respectively. The adjusted conversion price per conversion share and the adjusted number of ordinary shares of the Company to be converted were further adjusted after the share consolidation on 20 August 2009 to HK\$2.651 and 359,396,454 respectively.

The CPS recognised in the Company's and the Group's statements of financial position is calculated as follows:

	Number of ordinary shares to be issued upon full conversion of CPS	Equity component HK\$'000	Liability component HK\$'000	Total HK\$'000
At 31 December 2009 (audited)	359,396,454	753,639	50,992	804,631

	<hr/> <hr/>	<hr/> <hr/>	<hr/> <hr/>	<hr/> <hr/>

Interest rate on the CPS is calculated using the effective interest method by applying the effective interest rate of 9.49% per annum.

The principal terms of the CPS are set out below:

- (a) The holders of the CPS are not entitled to vote at any general meeting of the Company.
- (b) Each CPS shall be entitled to receive a fixed cumulative dividend on an annual basis in arrears in preference to any dividend on the ordinary share at a rate of 0.5% per annum of the principal amount of the CPS then outstanding at the year end date.
- (c) Holders of the CPS shall have the right to convert, at any time from the date of allotment of the CPS without payment of any additional consideration, into ordinary shares of HK\$0.0125 each at the adjusted conversion rate of 0.1283 (subject to adjustments from time to time pursuant to the terms of the CPS).

- (d) Upon the value of the cumulative dividends to be distributed by Xin Shougang to the Group (the "Dividends") reaches HK\$485.5 million or the Group has disposed of its interest in Xin Shougang at the disposal consideration of more than HK\$485.5 million in aggregate without incurring any losses on the disposal or the total of the cumulative dividends and the disposal consideration is more than HK\$485.5 million without incurring any losses on the disposal, the Company may at any time redeem in cash not more than half of the CPS issued at a price equal to their principal amount plus a premium of 10% per annum together with any accrued and unpaid dividends of CPS thereon.
- (e) The CPS rank preference to any and other classes of ordinary shares of the Company (including dividend distribution, capital distribution, return of capital upon the liquidation, winding up or dissolution of the Company or otherwise).
- (f) Upon the completion of the Disposal (as defined below), the CPS will be cancelled.

MANAGEMENT DISCUSSION AND ANALYSIS

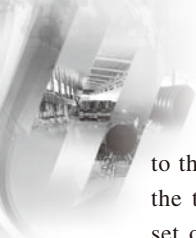

Business review and future outlook

The financial tsunami broke out in the second half of the year 2008 had great impact on the economy of the whole world, including the People's Republic of China (the "PRC") and Hong Kong. The performance and financial position of a lot of business corporations are greatly affected. The Group, however, is still maintaining a competitive position in the market with effective cost control and cash management. Turnover for the first half of 2010 was improved significantly due to the recovering economic condition.

The business segment of the Polyethylene Pipes ("PE Pipes") and Fibre Glass Reinforced Plastic Pipes ("FRP Pipes") was performing well in the first half of 2010 and was the main business of the Group in 2010. This business segment has been the core business of the Group for many years. The PE Pipes and FRP Pipes are products employed for constructions and city development in the PRC. Our major customers are mainly government entities of different provinces and cities in the PRC, or their suppliers. Given the rapid and continuous development of the PRC market, the Directors believe that the demands for our products are both sustainable and look set to increase.

The Proposed Disposal

On 9 April 2010 (after trading hours), Yichang Shoukong Industries Co., Limited (宜昌首控實業有限公司) ("Yichang Shoukong"), a wholly-owned subsidiary of the Company, and 首鋼控股有限責任公司 (transliterated as Shougang Holdings Limited Liability Company) ("Shougang") entered into the agreement (the "Agreement") pursuant to which Yichang Shoukong has conditionally agreed to sell, and Shougang has conditionally agreed to purchase, the 12.21% equity interest in the registered paid up capital of 新首鋼資源控股有限公司 (transliterated as Xin Shougang Zi Yuan Holdings Limited) ("Xin Shougang") at an aggregate consideration of HK\$314.8 million (the "Disposal"). The consideration shall be satisfied by Shougang as to HK\$25.34 million by cash (or RMB22.28 million as agreed between the parties to the Agreement) and as to HK\$289.46 million by way of procuring Great Ocean Real Estate Limited to transfer 2,802,235,294 preferred shares (the "Preferred Shares") (the non-voting redeemable convertible preferred share(s) of HK\$0.00125 each in the existing share capital of the Company carrying rights to convert into conversion share(s))

to the Company for repurchase (“Share Repurchase”) and cancellation subject to the terms and upon fulfillment of the conditions of the Agreement. Details are set out in the announcement dated 22 April 2010 and the circular dated 8 June 2010 of the Company.

Proposed decrease in authorised share capital

As at the date of this report, the authorised share capital of the Company is HK\$125,000,000 divided into 9,600,000,000 ordinary shares of HK\$0.0125 each in the existing share capital of the Company (the “Shares”) and 4,000,000,000 Preferred Shares of HK\$0.00125 each. As a result of the Share Repurchase, all the Preferred Shares in issue will be cancelled. In order to extinguish the Preferred Share class from the authorised share capital of the Company, the Board proposed to diminish the authorised share capital of the Company from HK\$125,000,000 to HK\$120,000,000 by the cancellation of 4,000,000,000 Preferred Shares of HK\$0.00125 each in the authorised share capital of the Company (the “Authorised Share Capital Decrease”). As a result, the authorised share capital of the Company will become HK\$120,000,000 divided into 9,600,000,000 Shares of HK\$0.0125 each. The Authorised Share Capital Decrease was passed as an ordinary resolution by the shareholders of the Company (“Shareholders”) by way of poll at the extraordinary general meeting held on 28 June 2010. Completion shall be conditional upon the fulfillment or waiver (as the case may be) of the conditions precedent to the Agreement or such other date as the parties to the Agreement may agree in writing. Details are set out in the announcement dated 22 April 2010 and the circular dated 8 June 2010 of the Company.

Save as mentioned above, during the period under review, the Group continued to engage in (i) manufacture and sale of PE Pipes and FRP Pipes and sale of composite materials; and (ii) mining businesses operating primarily in the markets of the independent sovereign state of Mongolia.

Financial review

Turnover was approximately HK\$70,271,000 for the period under review, which represented an increase of 631% when compared with approximately HK\$9,609,000 in the corresponding period. The increase in sale was mainly due to strong rebound of the global economy since 2009. The unaudited loss before income tax for the period under review was approximately HK\$22,961,000 while the unaudited loss before income tax for corresponding period was approximately HK\$37,315,000. The loss attributable to owners of the Company was approximately HK\$19,890,000 (six months ended 30 June 2009: loss of approximately HK\$33,982,000). The improvement in loss for the period under review was mainly attributable to the significant increase in turnover during the period under review. In the current economic environment, the Board will continue to adopt the stringent cost control and maintain a low and effective overheads structure and prudently utilize the corporate resources to create wealth for the Shareholders.

The current major challenge faced by the Group is to find a solution to settle the convertible bonds with Lehman Brothers Commercial Corporation Asia Limited (in liquidation) (“Lehman Brothers”). The liquidation of Lehman Brothers was totally unexpected. Because the convertible bonds issued by Lehman Brothers are due for redemption in October 2010, the Group is now in a net current liability position. The Company has been negotiating with the Joint and Several Liquidators of Lehman Brothers to look for a settlement solution. The directors are doing their best to investigate and come to a solution. Shareholders will be informed once there is a progress.

Liquidity and financial resources

With the funds raised previously and the internal resources of the Company and subject to the settlement arrangement to be entered into between the Company and the Joint and Several Liquidators of Lehman Brothers, as at 30 June 2010, the Directors anticipate that the Group has adequate financial resources to meet its ongoing operations and future development.

Employee information

As at 30 June 2010, the Group has 5 full-time employees working in Hong Kong and 80 full-time employees working in the PRC respectively. The total of employee remuneration, including remuneration of the Directors but excluding cost of share option granted, for the six months under review amounted to approximately HK\$2,947,000. The Group remunerates its employees based on their performance, experience and the prevailing industry practice.

Capital structure

The ordinary shares of the Company were listed on the GEM of the Stock Exchange on 13 December 2001. There are 2,802,235,294 non-listed preferred shares (“Preferred Shares”) held by Great Ocean Real Estate Limited (“GORE”). There has been no change in the capital structure of the Company during the period under review.

Significant investments

Save as disclosed, for the period under review, the Group had no other significant investments.

Material acquisition and disposals of subsidiaries and affiliated companies/ future plans for material investments

Save as disclosed above, there were no material acquisition or disposal of subsidiaries and affiliated companies during the six months ended 30 June 2010.

Segmental information

Details have been set out in note 9 under “Notes to the unaudited condensed consolidated financial statements” and further elaborated under “Business review and future outlook” of this section.

Charge on group assets and contingent liabilities

During the period under review, the Group has pledged building of approximately HK\$43,248,000 and land use rights of approximately HK\$30,910,000 to a PRC bank to obtain a short-term loan (six months ended 30 June 2009: Nil). The Group did not have any significant contingent liabilities.

Subsequent Events

The Shareholders approved the Disposal and the Authorised Share Capital Decrease at the extraordinary general meeting held on 28 June 2010. However, as at the date of this report, the Disposal and the Authorised Share Capital Decrease are not yet completed. The completion shall be conditional upon the fulfillment or waiver (as the case may be) of the conditions precedent to the Agreement or such other date as the parties to the Agreement may agree in writing.

Gearing ratio

As at 30 June 2010, the Group had cash and cash equivalents of approximately HK\$97,518,000 in its current assets while its current liabilities stood at approximately HK\$342,817,000, and the Group had long-term loan of approximately HK\$53,374,000 and its shareholders' funds amounted to approximately HK\$360,246,000. Other than the Convertible Bonds issue, the Group had a net cash position and its gearing ratio should be approximately 14.8% (long-term loan to equity attributable to equity holders of the Company).

Exposure to fluctuations in exchange rates

Sales and payment of the Group are denominated in Hong Kong dollars and Renminbi ("RMB"). No hedging or other alternatives have been implemented. As the exchange of Hong Kong dollars against RMB were relatively stable during the period under review, the Group's exposure to currency exchange risk was minimal.

DIRECTORS' AND CHIEF EXECUTIVES' INTERESTS AND SHORT POSITIONS IN THE SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY OR ANY ASSOCIATED CORPORATION

As at 30 June 2010, the interests and short positions of the directors and the chief executive of the Company in the shares, underlying shares and debentures of the Company or its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (the "SFO")), as recorded in the register required to be kept by the Company under Section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to Rule 5.46 of the GEM Listing Rules, were as follows:

COMPLIANCE WITH CODE ON CORPORATE GOVERNANCE PRACTICES

The Company has complied with all the code provisions set out in Appendix 15, The Code on Corporate Governance Practices (the "Code") to the GEM Listing Rules throughout the accounting period for the six months ended 30 June 2010, save and except the following:

Code Provision A.2.1

This Code Provision stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual.

During the period under review, we still did not have an officer with the title of "Chief Executive Officer" (the "CEO"). The Code envisages that the management of the Board should rest on the Chairman, whereas the day-to-day management of the Company's business should rest on the CEO. Ms. Ma Zheng, the Chairman, is also the director of the Company's production plant in Yichang City. This constitutes a deviation of Code Provision A.2.1. The Board still holds

the view that this arrangement is appropriate for the Company but we do not compromise accountability and independent decision making for this since we have an audit committee, all members of which are independent non-executive directors, to help to ensure the accountability and independence of Ms. Ma Zheng.

Code Provision A.4.1

Code Provision A.4.1 stipulates that non-executive directors should be appointed for a specific term, subject to re-election.

During the period under review, the Company has three independent non-executive directors, they are Mr. Wan, Mr. Liu and Mr. Chung. Except for Mr. Chung who was appointed for a specific term of two years, the other two are not appointed for specific terms. However, they are all subject to retirement by rotation at least once every three years in accordance with the Company's Articles of Association. The Board has discussed and concluded that the current practice of appointing non-executive directors without specific terms but otherwise subject to retirement and re-election is fair and reasonable, and therefore will not change the terms of appointment of Mr. Wan and Mr. Liu.

Code Provision B.1.4 and C.3.4

Code Provision B.1.4 and C.3.4 stipulate that the remuneration committee and audit committee should make available their terms of reference, explaining their roles and the authorities delegated to them by the Board.

The Company has not yet disclosed the terms of reference of the remuneration committee and audit committee on the website of the Company since the Company's website is not yet ready. However, once it is ready for use, the Company will be put the terms of reference on the Company's website. In addition, the terms of reference will be available from the Company on request.
